MOBILE DENTAL CLINIC PROJECT

Oral health is a fundamental aspect of overall well-being, yet it often remains overlooked in public health discussions. This neglect can lead to significant disparities in health outcomes,

particularly among marginalized communities who face barriers such as financial constraints, lack of awareness, and limited access to dental care services. Oral health outreach programs are essential in addressing these issues by providing education, preventive care, and early treatment options to underserved populations.

These programs play a crucial role in reducing health disparities by promoting awareness and access to dental care, which can significantly lower the incidence of oral diseases. They also

contribute to improving overall health outcomes, as poor oral health is linked to various systemic conditions like cardiovascular disease and diabetes. Furthermore, outreach initiatives enhance the quality of life for individuals by alleviating pain and social stigma associated with oral diseases

Keeping in view of the above facts; Maulana Azad Institute of Health Sciences under GNCT, Delhi initiated Mobile Dental Clinic Project under the umbrella of NHM/DSHM to provide Primary, Preventive, Promotive and Curative oral/ dental health care to underserved areas of NCT, Delhi on 1st May, 2014. **It is the “First of its Kind” project in India for Dental Outreach services.** The Program provides Dental Screening and treatment services, Dental Health Education and Capacity Building activities along with continuous quality assessment along with research.

The Six specially designed Mobile Dental Clinics cater to underserved population of Delhi. The Project aims to achieve the goals of the “Oral Health for All” by improving the access to Primary Oral Health Services. Further, the Project attempts to integrate the existing Health Care delivery services with the dental/oral services through an integrated need based dental care strategy. The Project has gradually evolved into various sub-components/ sub-initiatives targeting different special groups.

The various sub-initiatives are:

1. **Project NEEV: School Oral Health Care Program**
2. **Project ASHA HUMARI MUSKAAN: Maternal Oral healthcare Program**
3. **Project AMMA: Comprehensive Oral health care for Elderly**
4. **Project COPS: Community Oral Precancer Screening and Tobacco Cessation Services**
5. **Oral Healthcare for Persons with Disabilities.**
6. **Oral health Education and Awareness Campaigns**

PROJECT'S OUTREACH

The Project is providing dental care services in all 11 districts of GNCT of Delhi.

SCOPE OF SERVICES

The Mobile Dental Teams are catering to various areas/districts of Delhi in a scheduled fashion for 05 days in a week (Monday to Friday from 09.30 am to 02.00

pm). For optimum utilization of the Project and patient care; the teams work in coordination currently with the following areas:

- Delhi Govt. Dispensaries
- Schools under Department of Education, GNCT of Delhi
- Capacity Building Programs in collaboration with District ASHA Coordinators in all Districts.
- Senior Citizen Recreational Clubs under Department of Social Welfare and Social Justice, GNCT of Delhi.

These collaborative efforts are done to delivery of Primary, Preventive and Secondary level of dental care services to all vulnerable groups as well as communities across Delhi.

The range of treatment services provided includes:

1. Dental Screening
2. Dental restorations/tooth fillings
3. Oral Prophylaxis/teeth cleaning
4. Tooth Extraction
5. Root Canal Treatment
6. Dental Prosthetic treatments (Partial and Complete Dentures)
7. Tobacco cessation counselling
8. Oral Precancerous /Potentially malignant lesion screening
9. Preventive Treatment services like pit and fissure sealant applications, fluoride varnishes etc.
10. Medication (in liaison with dispensaries) & Referral for tertiary care

The teams from Mobile Dental Clinic Project visit the locations for five days a week on rotational basis from 9:30 A.M. to 2 P.M.

- Further, the Vans regularly visit Delhi Govt. Schools as per the schedule for Project NEEV.

For the month of DECEMBER 2025 services of Mobile Dental Clinics were provided to following locations on rotational basis: TOTAL LOCATIONS SERVED:15, 07 DISTRICTS

Cluster	District	Dispensary Location	Distance from MAIDS
• Cluster I	South	DGD Dakshinpuri	15Km
		SKV SS Dakshinpuri	15Km
• Cluster II	East	DGD Kondli	17Km
		DGD Kalyanvas	11.4 Km
		DGD Kalyanpuri	
		RSKV No. 1, Shakarpur	8.1Km
		CM Shri School	12.7 Km
• Cluster III	Shahdara	DGD Seelampur	9.8 Km
		GGSS School, Welcome	9.9Km
• Cluster IV	Central	DGD Bhalaswa Dairy	20Km
		Govt. Lady Noyce SS School	2.3KM
		Supreme Court	2.5Km
		GBSSS Mata Sundari Road	2.5Km
		SKV Idgah	5.6Km
• Cluster V	North West	GBSSS Mangolpuri	22Km

No. F.25 (31) (1)/ NHM circulars/MAIDS/2025-26/ 5149 - 52

Dated: 26/11/25

OFFICE ORDER

In supersession to the previous order No.F.25(31)(1)/NHMcirculars/MAIDS/2025-26/4579-82 dated 28/10/25, it is hereby ordered that the following staff members are posted in the newly functional Mobile Dental Units as per the details as under:

New Allocation					
S. No.	Mobile Dental Van No./ DGD	Staff Allotted	Designation	Details	Alloted Location
From 01/12/2025 to 31/12/2025					
1.	Van No. 1	Dr. Manoj Saboo	Dental Surgeon	Van Incharge	DGD Seelampur (Monday, Tuesday, Thursday) SKV Seelampur & 01 new school (Wednesday & Friday)
	DL1LAN4943	Mr. Govind	Chair Side Assistant		
		Mr. Rakesh	Driver		
		Mr. Hansraj	Dental Hygienist		
2.	Van No. 2	Dr. Nishtha	Dental Surgeon	Van Incharge	Mangolpuri School (Monday, Tuesday, Wednesday) SKV Idgah (Thursday, Friday)
	DL 1LAN 4256	Mr. Manoj	Chair Side Assistant		
		Mr. Kailash	Driver		
3.	Van No. 3	Dr. Neha Singh	Dental Surgeon	Van Incharge	DGD Dakshinpuri (Monday, Tuesday, Wednesday) SKV Dakshinpuri (Thursday, Friday)
	DL 1LAN 4140	Mr. Deepak	Chair Side Assistant		
		Mr. Vikash Bharti	Driver		
4.	Van No. 4	Dr. Girish	Dental Surgeon	Van Incharge	DGD Bhalaswa and 01 School Supreme Court (Every Thursday)
	DL 1LAN 4106	Mr. Ramesh	Chair Side Assistant		
		Mr. Vikash	Driver		
5.	Van No. 5	Dr. Annudeep Bajaj & Dr. Shipra	Dental Surgeons	Van Incharge	1. R.S.K.V No. 2 Shakarpur (Monday, Tuesday, Wednesday) 2. Lady Noyce School (Thursday, Friday)
	DL 1LAN 2281	Mr. Ramlal	Chair Side Assistant		
		Mr. Devender	Driver		
6.	Van No. 6	Dr. Deepak Verma	Dental Surgeon	Van Incharge	DGD Kalyanvas and 01 School
	DL 1LAN 2682	Mr. Arun	Helper		
		Mr. Kuldeep	Driver		
7.		Dr. Neha Gangil	Dental Surgeon	Unit Incharge	DGD Kondli
		Mr. Vikas (Helper)	Helper		

Duty roster for 01 Dental Hygienist

S. No	Staff	Designation	Alloted van & Location	From and till
1.	Mr. Arun Singh Dhama	Dental Hygienist	DL1LAN 4140 (DGD Dakshinpuri)	01/12/2025 till 10/12/2025
2.			DL1LAN 4106 (DGD Bhalaswa)	11/12/2025 till 20/12/2025
3.			DL1LAN 2682 (DGD Kalyanvas)	21/12/2025 till 31/12/2025

[Signature] 26/11/25

Also all teams to follow the **directions as under:**

1. For DGD Kondli ; the dental teams shall work from 08:00 AM to 02:00 PM, reporting directly to the respective dispensaries. Additionally, the teams shall report to MAIDS every Wednesday (post-dispensary work i.e. 08:00AM to 02:00PM) and every Saturday for documentation and coordination of Program related work.
2. The Medical Officers In-Charge in Delhi Govt. Dispensary Kondli shall also maintain and share the attendance records of the posted staff for transparency and record-keeping on monthly basis. The staff deputed shall submit the photocopy of the attendance at dispensary to the Office of MDCP.
3. All staff postings will continue on a rotation basis, to ensure equal distribution of workload and sustained engagement in all areas.
4. All Mobile Dental Clinics will make an effort to identify one Delhi Govt. School and conduct all activities related to Project "NEEV"
5. All other mandates of Mobile Dental Clinic Project like " Project AMMA", " Project ASHA HUMARI MUSKAAN", Project COPS" and " Health Awareness Campaigns" will be conducted accordingly in the areas presently working as well as any change will be intimated timely.
6. The allotted teams should ensure the uninterrupted delivery of dental health services to the community as per the guidelines of the Mobile Dental Clinic Project. All Incharges are directed to facilitate the proper induction of posted staff and report daily operational status to the Consultants.
7. All leaves for staff need to be communicated through proper channels so that there is no disruption in services and all communications to be made to respective Incharges of the designated locations
8. No staff shall directly report to the allotted location without prior information/permission.
9. This is issued with the prior approval of the Competent Authority.

Oral diseases are the most common disease that affects people throughout their life time.

The Global Burden of Disease Study 2017 estimated that oral disease affects at least 3.58 billion people worldwide. Oral health is fundamental to general health and well-being. A healthy mouth enables an individual to speak, eat and socialize without experiencing active disease, discomfort or embarrassment. Children who suffer from poor oral health are twelve times more likely to have restricted activity days than those who don't. Schools are microcosms of the larger community.

Fig 04: School wise OPD Details

With existing structures and systems in place, schools provide excellent opportunities for integrating oral health into the curriculum that is acceptable, appropriate and effective. Children are receptive to guidance and they are familiar with the learning environment and culture in school. Schools can effectively inform and influence students' oral health knowledge, beliefs, attitudes and behaviour. It is important to target children, particularly at kindergartens and primary schools. Pupils need to acquire knowledge and skills that facilitate a healthy lifestyle and help

them cope with social and peer pressure. Children are empowered to take control over their own health early in their lives and are encouraged to develop positive attitudes toward preventive measures.

Hence providing incremental oral health care in schools could prove pivotal in changing the current scenario of huge oral disease burden and

large component of dental unmet needs.

Keeping in view of the above facts; the Mobile Dental Clinic Project initiated Project “Neev” in collaboration with School Health Scheme, since September 2014. The Program included Dental Health Education and Dental Screening with preventive Dental procedures. One day per week i.e. Wednesday was dedicated to School Oral health program. **It is a comprehensive oral health**

program for Govt. school children in rural areas encouraging the concept of health Promoting Schools. Since Feb. 2016, treatment component was also added to provide dental treatment within school premises. It is a comprehensive oral health program for Govt. school children in rural areas encouraging the concept of health Promoting Schools.

Fig. 5: Program Implementation Plan

2. PROJECT AMMA: COMPREHENSIVE ORAL HEALTHCARE FOR ELDERLY

The global population is growing as well as ageing. The age structure of the population is changing owing to demographic transition with increasing levels of life expectancy and decreasing levels of fertility in almost all countries, leading to an increase in both the share and number of older persons across world. With increasing life expectancy, the burden of Non-Communicable diseases a matter of concern for the community. According to Population Census 2011 there are nearly 104 million elderly persons (aged 60 years or above) in India; 53 million females and 51 million males. 5.9% of the population of Delhi comprises of citizens aged 60+.¹

The projections indicate that the number of 60+ in Delhi will increase to 24.24 Lakhs in 2026. Continuous increase in life expectancy means that more people are now living longer.

Huge burden of Oral Diseases among Geriatric Population

To cater to the demand of high unmet health needs of geriatric population the concept of Geriatric day/Senior Citizen OPD Day is already existent in Delhi Govt. Dispensaries and Hospitals. However, oral health often remains neglected and an under-served realm. Almost 20% of the patients reporting to the OPD of Mobile Dental Clinics belong to geriatric population such that on an average 450 to 500 patients per month seek dental care in Mobile dental vans. Almost 39% of the patients diagnosed with dental caries and 33% of the patients suffering from gingival/periodontal diseases belong to geriatric population clearly indicating high burden of oral diseases amongst this special group. Almost 14 % of the geriatric population suffer from edentulousness. This not only affects their general health but also affects the quality of life in general. A considerable number of geriatric populations have limited knowledge of the cause and prevention of oral disease as well.

Providing primary and secondary level of dental care to the geriatric population through a Comprehensive oral health care Program for Elderly is vital for a country like India which has a significant proportion of elderly population. Hence, considering the huge unmet dental need of the elderly population of GNCTD; the Mobile Dental Clinic Project has initiated **PROJECT “AMMA: COMPREHENSIVE ORAL HEALTHCARE PROGRAM FOR THE ELDERLY.”** The program has been initiated with collaboration with Department of Social Welfare & Security which supervises old age homes and Senior Citizen’s Recreation Centres under GNCTD for further

coordination and organizing various activities. The Project has expanded its horizon by initiating Free Denture delivery services to the patients of Project AMMA. November 2024 marks the launch of an innovative initiative under Project AMMA of Mobile Dental Clinic Project: “Free Denture Delivery”.

Project Amma’s activities in December 2025:

3. HEALTH PROMOTIONAL, CAPACITY BUILDING AND TEAM BUILDING ACTIVITIES

A. TRAINING WORKSHOP ON “ORAL HEALTH AND THEIR ROLE IN ENHANCEMENT OF ORAL HEALTH” FOR NURSING STAFF:

Dr. Divyangi Goel, Consultant (NHM) conducted a two-day training workshop on “**Oral Health and Their Role in Enhancement of Oral Health**” for the nursing staff in the training hall of **Bhagwan Mahavir Hospital, Pitampura** on 2nd and 9th of December 2025, organized by the **Integrated District Health Society (IDHS),**

Northwest District. The workshop aimed to enhance the knowledge and skills of nursing personnel in promoting oral health, emphasizing its

importance in overall well-being and preventive care. The sessions covered key topics such as common oral diseases, risk

factors, effective oral hygiene practices, and the crucial role of nursing staff in integrating oral health education into routine patient care. The interactive format encouraged active participation, discussions, and sharing of experiences, resulting in positive feedback from the attendees. The training is expected to strengthen the capacity of the nursing team to support improved oral health outcomes within the hospital and the community it serves.

B. WEEKLY TRAINING SESSION ON BIBLIOMETRIC ANALYSIS:

On 20/12/2025, A weekly training session on **Bibliometric Analysis** was conducted by **Dr. Swati Jain, Consultant (NHM)** for the designated participants as part of our ongoing capacity-building activities. The session focused on essential concepts of bibliometric methods, research performance indicators, and practical applications in evaluating scientific literature. She provided a

comprehensive overview of key tools and metrics used in bibliometric analysis, demonstrated how

to interpret data, and guided participants through hands-on examples to strengthen their skills in research assessment. The interactive nature of the session encouraged active engagement and discussions, enabling attendees to enhance their understanding of bibliometric techniques and their relevance in academic and research settings. The training was well received and is expected to support improved research evaluation and scholarly output within the team.

C. TEAM INTERACTION WITH SPO, NOHP, DELHI:

On 13/12/2025, we had a productive team interaction with **Dr. Gyanendra, SPO, NOHP, Delhi**, during

which our MOI/C **Dr. Vikrant Mohanty**, along with the Consultants and the entire NHM team, warmly welcomed the new State Programme Officer. The meeting provided an opportunity to formally introduce Dr. Gyanendra to the project's framework, its

outreach activities, and ongoing initiatives. Dr. Vikrant Mohanty and team presented a comprehensive overview of the project's milestones, community engagement strategies, and the impact of our interventions. The interaction facilitated constructive dialogue, reinforced collaborative commitment, and set the stage for strengthened coordination and future progress in achieving our program objectives.

5. Monitoring & Evaluation of Mobile Dental Clinic Project

A. Digitalized Feedback Form

Monitoring and evaluation (M&E) are critical components of the Mobile Dental Clinic Project to ensure its effectiveness, efficiency, and continuous improvement. The M&E framework of the project focuses on assessing service quality, patient satisfaction, and the overall impact of dental outreach activities. In a recent innovation aimed at strengthening the evaluation process, the Consultant, Dr. Swati Jain, to systematically capture patient responses and assess the project's outcomes more accurately and efficiently, developed a Digital Feedback Form.

To facilitate easy access, a QR code was generated, allowing patients to conveniently scan and fill the digital form using their smartphones immediately after receiving treatment. This innovation has modernized the feedback collection process by replacing paper-based forms, reducing manual errors, and ensure real time data collection and analysis. The digital feedback system became

operational on 21st April 2025, marking a significant step forward in patient engagement and project assessment. In the month of December 2025, a total of 79 digital feedback forms were successfully filled out by patients reflecting encouraging participation and acceptance of the new system. The collected feedback is currently being analysed to derive insights into patient satisfaction, service quality, and areas needing improvement. This data-driven approach will significantly contribute to enhancing service delivery and strategic planning for future mobile dental camps.

Number of Feedback Forms collected for the month of December’25 – 79

B. Field Visits by Consultants

To ensure optimum utilization of resources and improved patient outcomes, the Consultants of the Mobile Dental Clinic Project conduct regular field visits. These visits help in closely monitoring the on-ground implementation, identifying challenges and gaps in service delivery, and facilitating timely corrective measures. This proactive approach ensures continuous improvement in the quality and effectiveness of dental care services provided through the project.

The Following field visits were conducted:

Date of Field Visit	Location	Field Visit By
29/12/2025	SKV School IDGHAH ROAD	Dr. Swati Jain Dr. Divyangi Goel
04/12/2025, 05/12/2025, 8/12/2025	DSHM (On Recruitment Duty)	Dr. Swati Jain
12/12/2025	DHS (for NOHP Delhi work)	Dr. Swati Jain
15/12/2025	DSHM (for NOHP Delhi work)	Dr. Swati Jain
