MOBILE DENTAL CLINIC PROJECT

Health determines the living efficiency of an individual. Oral health is a vital component of overall health of an individual and essential to general health and quality of life across the life span. But it's often neglected and low on priority. The expected rise in burden of oral diseases poses a massive challenge to the health system in light of increasing unfair and unjust social inequalities in oral health, which have already raised global concerns.

Providing comprehensive oral health care to the underserved could prove pivotal in changing the current scenario of huge oral disease burden and large component of dental unmet needs.”

Keeping in view of the above facts; Maulana Azad Institute of Health Sciences under GNCT, Delhi initiated Mobile Dental Clinic Project under the umbrella of NHM/DSHM to provide Primary, Preventive, Promotive and Curative oral/ dental health care to underserved areas of NCT, Delhi on 30th April 2014. It is the “First of its Kind” project in India for Outreach Dental services. The Program provides Dental Screening and treatment services, Dental Health Education and Capacity Building activities along with continuous research and quality assessment. 06 Mobile Dental Clinics cater to underserved population of GNCT of Delhi. The Project aims to achieve the goals of the “Oral Health for All” through improved access to Primary Oral Health Services. Further, the Project attempts to integrate the existing Health Care delivery services with the dental/oral services under one roof. The Project has gradually evolved into various sub-components/ sub-initiatives targeting different special groups. The various sub-initiatives are:

1. Project NEEV: School Oral Health Care Program
2. Project ASHA HUMARI MUSKAAN: Linking Maternal and oral health
3. Project AMMA: Comprehensive Oral health care for elderly
4. Project COPS: Community Oral precancerous lesions screening and Tobacco Cessation Counselling
5. Special Care Dentistry

PROJECT'S OUTREACH

The Project has provided services in 09 (North, West, North-east, East, Shahdara, North-west, Central, South, and South-west) districts of GNCTD

PRIMARY AND SECONDARY LEVEL OF DENTAL CARE

The Six Mobile Dental Vans/Clinics are catering to various areas/districts of Delhi in a scheduled fashion for 05 days in a week (Monday to Friday). For optimum utilization of the Project and patient care; the vans are stationed at /near the Delhi Govt. Dispensaries to ensure proper visibility and pharmacy support from the Dispensaries. All Primary, Preventive and Secondary level of dental care are provided free of cost in Mobile Dental Clinics.

The range of treatment services provided includes:

1. Dental Screening
2. Dental restorations/tooth fillings
3. Oral Prophylaxis/teeth cleaning
4. Tooth Extractions
5. Tobacco cessation counselling
6. Oral Precancerous /Potentially malignant lesion screening
7. Preventive Treatment services like pit and fissure sealant applications, fluoride varnishes etc.
8. Medication (in liaison with dispensaries) & Referral for tertiary care.

Further, all screening and treatment services are provided following COVID-19 infection control protocol.

Currently, services of Mobile Dental Clinics are being provided to following Delhi Government Dispensaries on rotational basis:

Cluster	District	Dispensary Location	Distance from MAIDS
Cluster I	EAST	Mayur Vihar Ph-3	13 Km
Cluster II	NORTH-EAST	Brahmpuri	14 Km
Cluster III	SHAHDARA	Seelampur	7.9 Km
		Kantinagar	11 Km
Cluster IV	JAIL	Tihar Jail	19.3 Km
		Rohini Jail	20.7 Km
		Mandoli Jail	18.2 Km

Mobile Clinics are stationed for five days a week in each of the identified dispensaries on rotational basis from 9:30 A.M. to 2 P.M.

- Further, the Vans regularly visit Delhi Govt. Schools as per the schedule for Project NEEV.
- 1ST and 3rd Wednesday of the month, Mobile Dental Clinic visits ASHAKIRAN-Home for Mentally Challenged
- One Mobile Dental van visit JAILS i.e Tihar Jail, Mandoli Jail and Rohini Jail on a daily basis from Monday to Friday

February 2024	2780 KM.

2. PROJECT NEEV: SCHOOL ORAL HEALTH PROGRAM

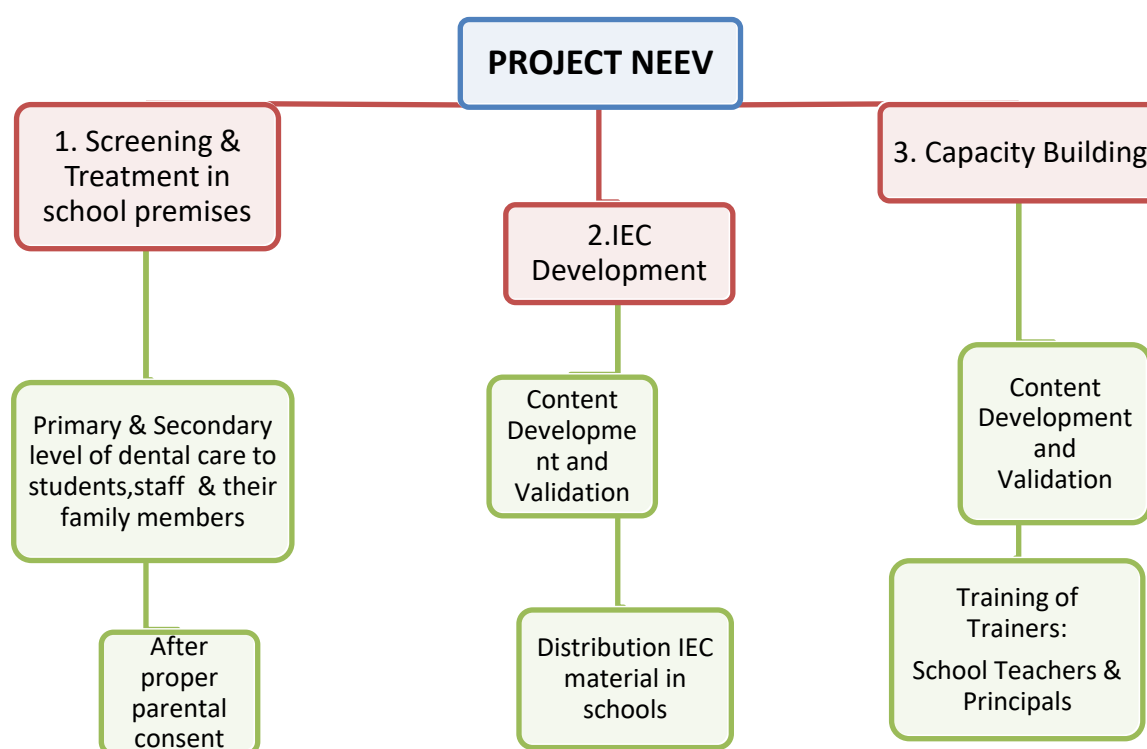

Oral diseases are the most common disease that affects people throughout their life time. The Global Burden of Disease Study 2017 estimated that oral disease affects at least 3.58 billion people worldwide. Oral health is fundamental to general health and well-being. A healthy mouth enables an individual to speak, eat and socialize without experiencing active disease, discomfort or embarrassment. Children who suffer from poor oral health are twelve times more likely to have restricted activity days than those who don't. Schools are microcosms of the larger community. With existing structures and systems in place, schools provide excellent opportunities for integrating oral health into the curriculum that is acceptable, appropriate and effective. Children are receptive to guidance and they are familiar with the learning environment and culture in school. Schools can effectively inform and influence students' oral health knowledge, beliefs, attitudes and behaviour. It is important to target children, particularly at kindergartens and primary schools. Pupils need to acquire knowledge and skills that facilitate a healthy lifestyle and help them cope with social and peer pressure. Children are empowered to take control over their own health early in their lives and are encouraged to develop positive attitudes toward preventive measures

Hence providing incremental oral health care in schools could prove pivotal in changing the current scenario of huge oral disease burden and large component of dental unmet needs.

Keeping in view of the above facts; the Mobile Dental Clinic Project initiated Project “Neev” in collaboration with School Health Scheme, since September 2014. The Program included Dental Health Education and Dental Screening with preventive Dental procedures. One day per week i.e. Wednesday was dedicated to School Oral health program. **It is a comprehensive oral health program for Govt. school children in rural areas encouraging the concept of health Promoting Schools.** Since Feb. 2016, treatment component was also added to provide dental treatment within school premises. It is a comprehensive oral health program for Govt. school children in rural areas encouraging the concept of health Promoting Schools.

4. HEALTH PROMOTIONAL & CAPACITY BUILDING ACTIVITIES

1. Organized Orientation Workshop For Dental Surgeons, District Nodal Officers, And Medical Officers On The National Oral Health Programme on 28-02-2024 At MAIDS from 01.30 Pm To 04.30 PM

An “Orientation Workshop for Dental Surgeons, District Nodal Officers, and Medical Officers on the National Oral Health Programme” on 28-02-2024 at MAIDS from 01.30 pm to 04.30 pm, 7th floor, CDE laboratory was organized by Mobile Dental Clinic Project under Maulana Azad Institute of Dental Sciences, New Delhi.

A total of 35 participants attended the workshop of which 15 Civil Assistant Dental Surgeons(CADS/CAS)from different District Hospitals along with 7 District Nodal Officers. NOHP Consultant, SPO, Delhi and Officials from CDMO Office attended the workshop and meeting. The detailed list is enclosed along with.

The workshop was planned to discuss and sensitize regarding the “National Oral Health Program”. The participants were enlightened regarding the Vision, Mission, Objectives, Overview of the Current Status of Oral Health in India, and Challenges and opportunities in delivering dental healthcare services in district hospitals.

The workshop was inaugurated by Chief Guest, Dr. Arundeeep Kaur Lamba, Director-Principal, MAIDS along with Dr. Sanjay Singh, State Program Officer, NOHP, Delhi, Dr. Harpreet Grewal, Head of Dentistry, UCMS, Dr. Ankita Piplani, National Consultant,

NOHP, MoHFW, GoI. and Dr. Vikrant Mohanty, Prof. and Head, M.O. I/C (NHM).

Dr. Vikrant Mohanty gave an overview of the workshop and apprised regarding the various lectures during the same. Dr. Arundeeep Kaur, Director-Principal, MAIDS appreciated the sincere efforts of the Mobile Dental Clinic over the

years and requested the State Program Officer to continue to support the program and uplift overall oral health in Delhi. She welcomed all the participants to the workshop and motivated them to make the most from the deliberations.

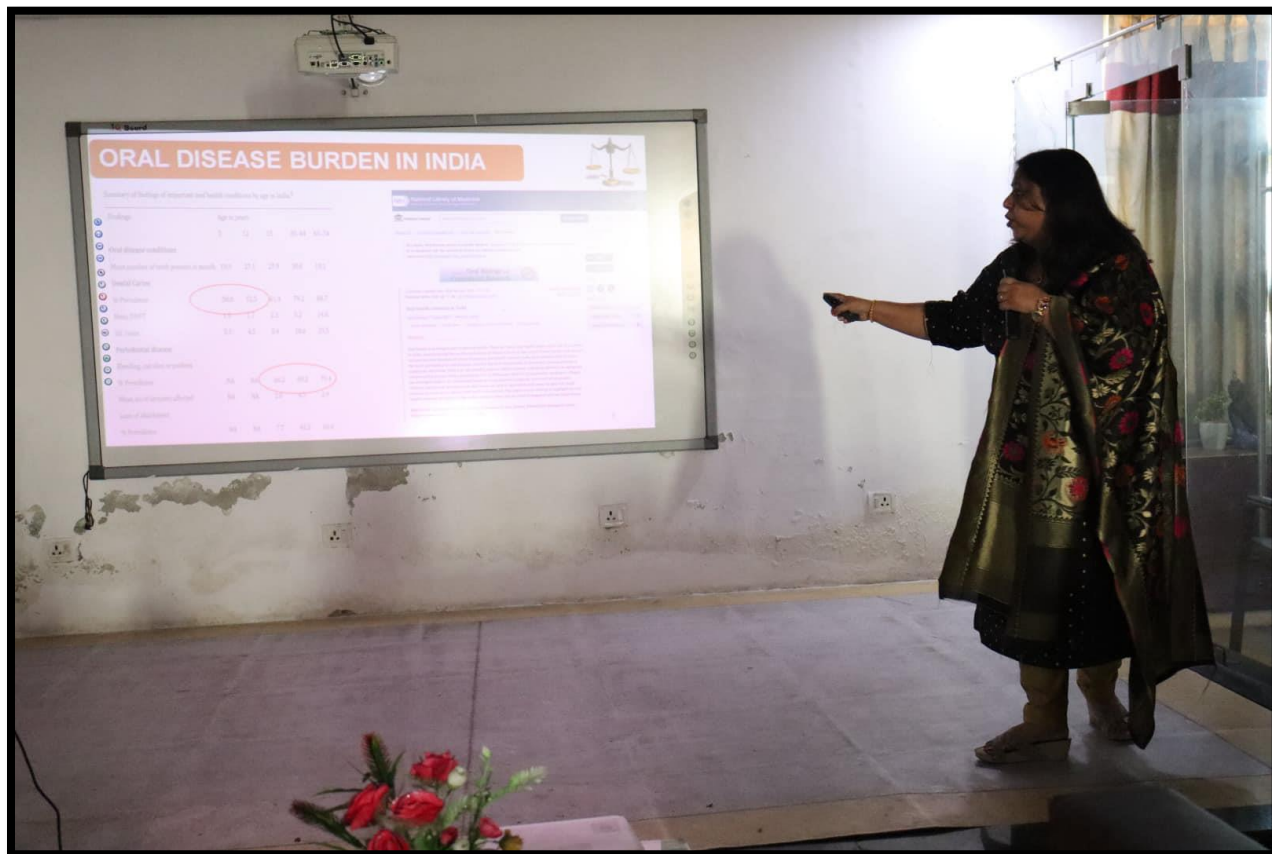

LECTURES DURING THE ORIENTATION WORKSHOP

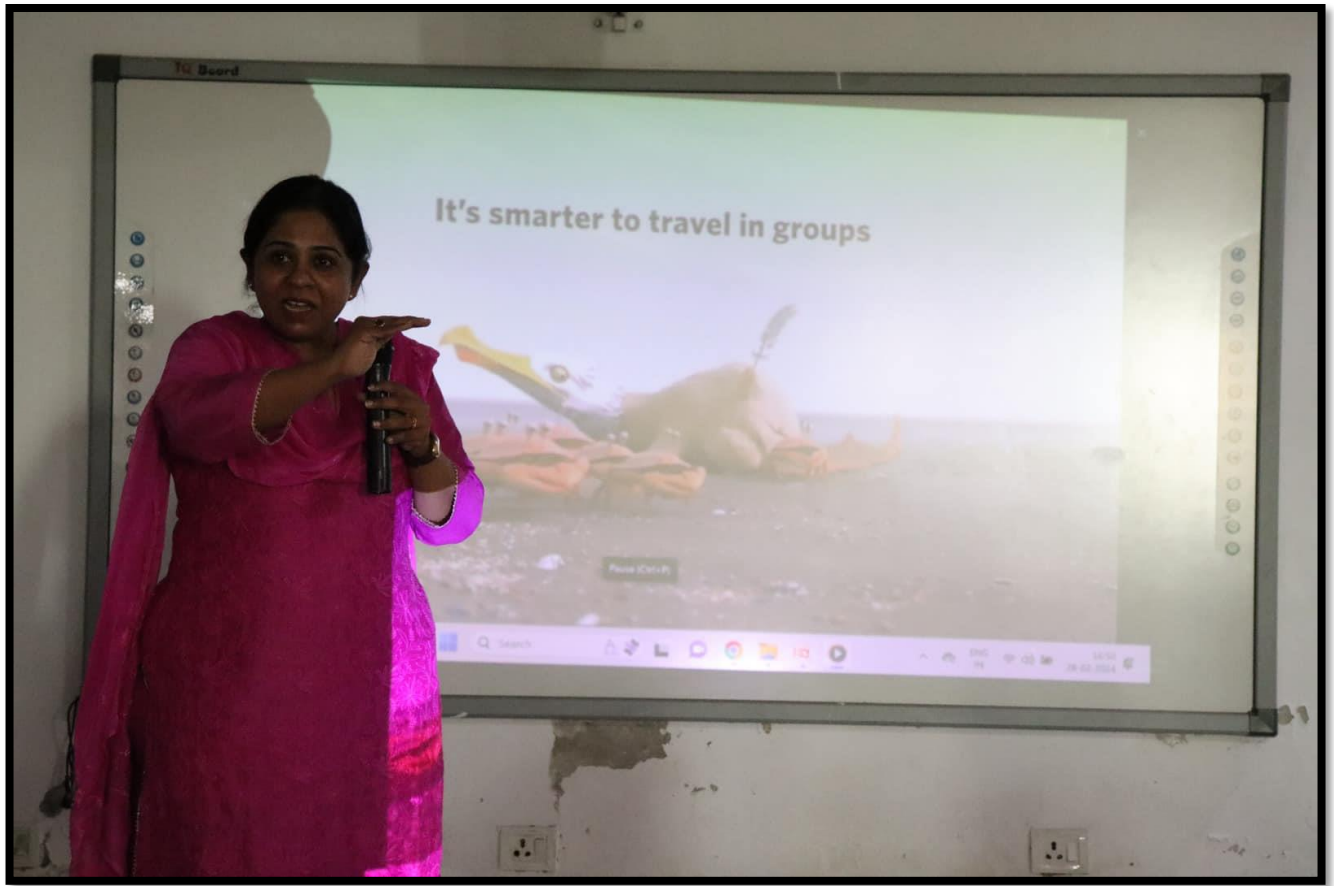

- Dr. Vikrant Mohanty, Prof. and Head, M.O. I/C (NHM), delivered the first lecture regarding Journey and its achievements of Mobile Dental Clinic Project since its inception in 2014.
- Dr. Ankita Piplani, National Consultant, NOHP, MoHFW, GoI delivered a talk on Overview of National Oral health Program and Preparing the Road map for NOHP in Delhi. She further apprised regarding various activities and achievements of the program across the country.
- Dr. Aswini Y.B. Professor, further apprised the delegates regarding teamwork and National Resource Centre of Oral Health and Tobacco Cessation.
- Dr. Swati Jain, Senior Consultant, MDCP enlightened the gathering regarding the strategic integration of oral health into national health programs and general health with case studies from across the world.
- Dr. Romshi Raina, Research Officer, NRC-OH-TC sensitised about tobacco cessation and role of dental professionals.

PICTURE GALLERY

3. Health promotional activities in school:

Many oral health problems are preventable and their early onset reversible. A considerable number of children and their parents and teachers have limited knowledge of the cause and prevention of oral diseases. Healthy behaviour and life styles developed at a young age are more sustainable. Messages can be reinforced throughout the school years.

Hence, the team of Mobile Dental Clinic project organized “Group oral health educational sessions” for the number of school children screened every Wednesday on following screening.

Importance of Oral Health

- a) *Common Oral Diseases*
- b) *Tobacco Cessation*
- c) *How to maintain Oral Health*
- d) *Brushing Technique Demonstration*
- e) *Significance of deciduous teeth*
