MOBILE DENTAL CLINIC PROJECT

Oral health is a fundamental aspect of overall well-being, yet it often remains overlooked in public health discussions. This neglect can lead to significant disparities in health outcomes, particularly among marginalized communities who face barriers such as financial constraints, lack of awareness, and limited access to dental care services. Oral health outreach programs are essential in addressing

these issues by providing education, preventive care, and early treatment options to underserved populations.

These programs play a crucial role in reducing health disparities by promoting awareness and access to dental care, which can significantly lower the incidence of oral diseases. They also contribute to improving overall health outcomes,

as poor oral health is linked to various systemic conditions like cardiovascular disease and diabetes. Furthermore, outreach initiatives enhance the quality of life for individuals by alleviating pain and social stigma associated with oral diseases

Keeping in view of the above facts; Maulana Azad Institute of Health Sciences under GNCT, Delhi initiated Mobile Dental Clinic Project under the umbrella of NHM/DSHM to provide Primary, Preventive, Promotive and Curative oral/ dental health care to underserved areas of NCT, Delhi on 1st May, 2014. It is the “First of its Kind” project in India for Dental Outreach services. The Program provides Dental Screening and treatment services, Dental Health Education and Capacity Building activities along with continuous quality assessment along with research.

The Six specially designed Mobile Dental Clinics cater to underserved population of Delhi. The Project aims to achieve the goals of the “Oral Health for All” by improving the access to Primary Oral Health Services. Further, the Project attempts to integrate the existing Health Care delivery services with the dental/oral services through an integrated need based dental care strategy. The Project has gradually evolved into various sub-components/ sub-initiatives targeting different special groups.

The various sub-initiatives are:

1. **Project NEEV: School Oral Health Care Program**
2. **Project ASHA HUMARI MUSKAAN: Maternal Oral healthcare Program**
3. **Project AMMA: Comprehensive Oral health care for Elderly**
4. **Project COPS: Community Oral Precancer Screening and Tobacco Cessation Services**
5. **Oral Healthcare for Persons with Disabilities.**
6. **Oral health Education and Awareness Campaigns**

PROJECT'S OUTREACH

The Project is providing dental care services in all 11 districts of GNCT of Delhi.

SCOPE OF SERVICES

The Mobile Dental Teams are catering to various areas/districts of Delhi in a scheduled fashion for 05 days in a week (Monday to Friday from 09.30 am to 02.00 pm).

For optimum utilization of the Project and patient care; the teams work in coordination currently with the following areas:

- Delhi Govt. Dispensaries
- Schools under Department of Education, GNCT of Delhi
- Capacity Building Programs in collaboration with District ASHA Coordinators in all Districts.
- Senior Citizen Recreational Clubs under Department of Social Welfare and Social Justice, GNCT of Delhi.

These collaborative efforts are done to delivery of Primary, Preventive and Secondary level of dental care services to all vulnerable groups as well as communities across Delhi.

The range of treatment services provided includes:

1. Dental Screening
2. Dental restorations/tooth fillings
3. Oral Prophylaxis/teeth cleaning
4. Tooth Extraction
5. Root Canal Treatment
6. Dental Prosthetic treatments (Partial and Complete Dentures)
7. Tobacco cessation counselling
8. Oral Precancerous /Potentially malignant lesion screening
9. Preventive Treatment services like pit and fissure sealant applications, fluoride varnishes etc.
10. Medication (in liaison with dispensaries) & Referral for tertiary care

The teams from Mobile Dental Clinic Project visit the locations for five days a week on rotational basis from 9:30 A.M. to 2 P.M.

- Further, the Vans regularly visit Delhi Govt. Schools as per the schedule for Project NEEV.

For the month of MARCH 2026 services of Mobile Dental Clinics were provided to following locations on rotational basis: TOTAL LOCATIONS SERVED:12, 05 DISTRICTS

Cluster	District	Dispensary Location	Distance from MAIDS
• Cluster I	South	DGD Dakshinpuri	15Km
		DGD Jonapur	27Km
• Cluster II	East	DGD Kalyanvas	11.4 Km
• Cluster III	Shahdara	DGD Seelampur	9.8 Km
• Cluster IV	Central	DGD Bhalaswa Dairy	20Km
		Supreme Court	2.5Km
• Cluster V	New Delhi	Kartavya Bhawan	4.1Km

OFFICE ORDER

In supersession to the previous order No.F.25(31)(1)/NHMcirculars/MAIDS/2025-26/7148-51 dated 12/02/2026, it is hereby ordered that the following staff members are posted in the newly functional Mobile Dental Units as per the details as under:

New Allocation					Alloted Location
S. No.	Mobile Dental Van No./ DGD	Staff Allotted	Designation	Details	From 01/03/2026 to 31/03/2026
1.	Van No. 1 DL1LAN4943	Dr. Manoj & Dr. Nishtha	Dental Surgeon	Van Incharge	DGD Bhalaswa and 01 School
		Mr. Ramesh	Chair Side Assistant		
		Mr. Rakesh	Driver		
2.	Van No. 2 DL 1LAN 4256	Dr. Annudeep Bajaj	Dental Surgeon	Van Incharge	DGD Seelampur and 01 School
		Mr. Deepak	Chair Side Assistant		
		Mr. Kailash	Driver		
3.	Van No. 3 DL 1LAN 4140	Dr. Neha Singh	Dental Surgeon	Van Incharge	DGD Kalyanvas and 01 School
		Mr. Manoj	Chair Side Assistant		
		Mr. Vikash Bharti	Driver		
4.	Van No. 4 DL 1LAN 4106	Dr. Girish	Dental Surgeon	Van Incharge	DGD Dakshinpuri & Supreme Court (Every Thursday)
		Mr. Govind	Chair Side Assistant		
		Mr. Vikash	Driver		
5.	Van No. 5 DL 1LAN 2281	Dr. Shipra Arora	Dental Surgeon	Van Incharge	DGD Gulabi Bagh and 01 School
		Mr. Arun	Helper		
		Mr. Devender	Driver		
6.	Van No. 6 DL 1LAN 2682	Dr. Deepak Verma	Dental Surgeon	Van Incharge	DGD Jonapur and 01 School
		Mr. Ram Lal	Chair Side Assistant		
		Mr. Kuldeep	Driver		
		Mr. Arun Dhama	Dental Hygienist		
7.		Dr. Neha Gangil	Dental Surgeon	Unit Incharge	DGD Kondli
		Mr. Vikas (Helper)	Helper		

Duty roster for 01 Dental Hygienist

S. No	Staff	Designation	Alloted van & Location	From and till
1.	Mr. Hansraj	Dental Hygienist	DL1LAN 4140 (DGD Kalyanvas)	01/03/2026 till 12/03/2026
2.			DL1LAN 4943 (DGD Bhalaswa)	13/03/2026 till 22/03/2026
3.			DL1LAN 4106 (DGD Dakshinpuri)	23/03/2026 till 31/03/2026

Also all teams to follow the directions as under:

- All staff postings will be on a rotation basis, to ensure equal distribution of workload and sustained engagement in all areas. All teams shall ensure regular upkeep and clean Mobile Dental Clinic settings. The Dental Surgeon and CSA are responsible for this upkeep.
- All Mobile Dental Clinics will make an effort to identify one Delhi Govt. School and conduct all activities related to Project "NEEV"

3. All other mandates of Mobile Dental Clinic Project like "Project AMMA", "Project ASHA HUMARI MUSKAAN", Project COPS" and "Health Awareness Campaigns" will be conducted accordingly in the areas presently working as well as any change will be intimated timely.
4. For DGD Kondli ; the dental teams shall work from 08:00 AM to 02:00 PM, reporting directly to the respective dispensaries. Additionally, the teams shall report to MAIDS every Wednesday (post-dispensary work i.e. 08:00AM to 02:00PM) and every Saturday for documentation and coordination of Program related work. Attendance copies shall be submitted after verification from Medical Officer of Dispensary.
5. The allotted teams should ensure the uninterrupted delivery of dental health services to the community as per the guidelines of the Mobile Dental Clinic Project. All Incharges are directed to facilitate the proper induction of posted staff and report daily operational status to the Consultants.
6. All leaves for staff need to be communicated through proper channels so that there is no disruption in services and all communications to be made to respective Incharges of the designated locations
7. No staff shall directly report to the allotted location without prior information/permission.
8. This is issued with the prior approval of the Competent Authority.

1. PROJECT AMMA: COMPREHENSIVE ORAL HEALTHCARE FOR ELDERLY

The global population is growing as well as ageing. The age structure of the population is changing owing to demographic transition with increasing levels of life expectancy and decreasing levels of fertility in almost all countries, leading to an increase in both the share and number of older persons across world. With increasing life expectancy, the burden of Non-Communicable diseases a matter of concern for the community. According to Population Census 2011 there are nearly 104 million elderly persons (aged 60 years or above) in India; 53 million females and 51 million males. 5.9% of the population of Delhi comprises of citizens aged 60+. ¹ The projections indicate that the number of 60+ in Delhi will increase to 24.24 Lakhs in 2026. Continuous increase in life expectancy means that more people are now living longer.

Huge burden of Oral Diseases among Geriatric Population

To cater to the demand of high unmet health needs of geriatric population the concept of Geriatric day/Senior Citizen OPD Day is already existent in Delhi Govt. Dispensaries and Hospitals. However, oral health often remains neglected and an under-served realm. Almost 20% of the patients reporting to the OPD of Mobile Dental Clinics belong to geriatric population such that on an average 450 to 500 patients per month seek dental care in Mobile dental vans. Almost 39% of the patients diagnosed with dental caries and 33% of the patients suffering from gingival/periodontal diseases belong to geriatric population clearly indicating high burden of oral diseases amongst this special group. Almost 14 % of the geriatric population suffer from edentulousness. This not only affects their general health but also affects the quality of life in general. A considerable number of geriatric populations have limited knowledge of the cause and prevention of oral disease as well.

Providing primary and secondary level of dental care to the geriatric population through a Comprehensive oral health care Program for Elderly is vital for a country like India which has a

significant proportion of elderly population. Hence, considering the huge unmet dental need of the elderly population of GNCTD; the Mobile Dental Clinic Project has initiated **PROJECT “AMMA: COMPREHENSIVE ORAL HEALTHCARE PROGRAM FOR THE ELDERLY.”** The program has been initiated with collaboration with Department of Social Welfare & Security which supervises old age homes and Senior Citizen’s Recreation Centres under GNCTD for further coordination and organizing various activities. The Project has expanded its horizon by initiating Free Denture delivery services to the patients of Project AMMA. November 2024 marks the launch of an innovative initiative under Project AMMA of Mobile Dental Clinic Project: “Free Denture Delivery”.

Project Amma’s activities in MARCH 2026:

Details of Denture work -

1. Denture related work – 05

2. HEALTH PROMOTIONAL, CAPACITY BUILDING AND TEAM BUILDING ACTIVITIES

A. CELEBRATION OF WORLD ORAL HEALTH DAY 2026: World Oral Health Day is celebrated every year on 20th March to raise awareness about the importance of maintaining good oral hygiene and its direct impact on overall health and well-being. The theme for World Oral Health Day 2026, “**A Happy Mouth is a Happy Life,**” emphasizes that a healthy mouth enables individuals to eat, speak, and socialize confidently, thereby improving their overall quality of life. Poor oral health can lead to pain, discomfort, and various systemic health issues, making its prevention and care essential.

Month long activities starting from 20th March 2026 till 19 th April 2026 were observed. Details of the activities conducted in March 2026 are as under:

i) WORLD ORAL HEALTH DAY CELEBRATION AT DGD GULABI

BAGH: an oral health awareness activity was conducted at DGD Gulabi Bagh

on 16/03/2026 by Dr. Swati Jain and Dr. Shipra Arora, along with the team members. The program aimed to promote the importance of oral hygiene and preventive dental care among patients. Activities included a quiz

competition to engage participants, oral health education with demonstration of proper brushing techniques, and distribution of oral health kits. The event received a positive

response and helped raise awareness, encouraging patients to adopt better oral health practices in their daily lives.

ii) WORLD ORAL HEALTH DAY CELEBRATION AT DGD

KALYANVAS: On the occasion of World Oral Health Day, an oral health awareness activity was successfully conducted at Kalyanwas Dispensary on 17th March 2026 by Dr. Divyangi Goel and Dr. Neha Singh, along with the team members. The theme “A Happy Mouth is a Happy Life” was emphasized throughout the session. Around 50 patients attended an informative oral health talk focusing on the importance of maintaining good oral hygiene and its link to overall health.

The program included a

quiz competition, distribution of oral health kits, and a live brushing demonstration conducted by Mr. Hansraj (Dental Hygienist). The session was interactive, well-received, and helped promote awareness and adoption of healthy oral hygiene practices among the participants.

iii) WORLD ORAL HEALTH DAY CELEBRATION AT DGD

SEELAMPUR: On the occasion of World Oral Health Day, an oral health awareness activity was conducted at DGD Seelampur on 18/03/2026 by Dr. Divyangi and Dr. Annudeep. The program included a quiz competition to

engage patients, an informative oral health talk highlighting the importance of maintaining good oral hygiene, and a demonstration of the correct brushing technique. Oral health kits were also distributed among the participants to encourage daily oral care practices. The activity was well-received and helped in promoting awareness and preventive oral health measures among the community.

iv) WORLD ORAL HEALTH DAY CELEBRATION AT KARTAVYA

BHAWAN: On the occasion of World Oral Health Day 2026, a comprehensive

dental screening and treatment camp was organized at Kartavya Bhawan on 20th March 2026 in collaboration with National Oral Health Programme, Ministry of Health and Family Welfare. The camp was formally inaugurated by Dr. L. Swasticharan

DDG,EMR, MoHFW and Mr. Lalit Wadhwa, Joint Secretary MoHFW who emphasized the importance of preventive oral healthcare and outreach services in improving population health. During their visit, the dignitaries also inspected

beneficiaries screened for various oral health conditions. Out of these, 30 patients received on-site dental

efforts being undertaken to deliver doorstep dental care services. The camp witnessed an encouraging response, with a total of 176

treatment, including basic restorative and preventive care. In addition to clinical services, multiple oral health education sessions were conducted throughout the day, focusing on proper oral hygiene practices, tobacco cessation, and the importance of regular dental check-ups. The initiative not only

strengthened awareness among the participants but also showcased the

effectiveness of integrated service delivery through Mobile Dental Clinics in advancing the objectives of preventive and promotive oral healthcare.

5. Monitoring & Evaluation of Mobile Dental Clinic Project

A. Digitalized Feedback Form

Monitoring and evaluation (M&E) are critical components of the Mobile Dental Clinic Project to ensure its effectiveness, efficiency, and continuous improvement. The M&E framework of the project focuses on assessing service quality, patient satisfaction, and the overall impact of dental outreach activities. In a recent innovation aimed at strengthening the evaluation process, the Consultant, Dr. Swati Jain, to systematically capture patient responses and assess the project's outcomes more accurately and efficiently, developed a Digital Feedback Form.

To facilitate easy access, a QR code was generated, allowing patients to conveniently scan and fill the digital form using their smartphones immediately after receiving treatment. This innovation has modernized the feedback collection process by replacing paper-based forms, reducing manual errors, and ensure real time data collection and analysis. The digital feedback system became operational on 21st April 2025, marking a significant step forward in patient engagement and project

assessment. In the month of February 2026, a total of 126 digital feedback forms were successfully filled out by patients reflecting encouraging participation and acceptance of the new system. The collected feedback is currently being analysed to derive insights into patient satisfaction, service quality, and areas needing improvement. This data-driven approach will significantly contribute to enhancing service delivery and strategic planning for future mobile dental camps.

Number of Feedback Forms collected for the month of MARCH- 67

B. Field Visits by Consultants

To ensure optimum utilization of resources and improved patient outcomes, the Consultants of the Mobile Dental Clinic Project conduct regular field visits. These visits help in closely monitoring the on-ground implementation, identifying challenges and gaps in service delivery, and facilitating timely corrective measures. This proactive approach ensures continuous improvement in the quality and effectiveness of dental care services provided through the project.

The Following field visits were conducted:

Date of Field Visit	Location	Field Visit By
2/03/2026	DGHS Office	Dr. Swati Jain
03/03/2026	DSHM Office	Dr. Swati Jain
