## **MOBILE DENTAL CLINIC PROJECT**

Health determines the living efficiency of an individual. Oral health is a vital component of overall health of an individual and essential to general health and quality of life across the life span. But it's often neglected and low on priority. The expected rise in burden of oral diseases poses a massive challenge to the health system in light of increasing unfair and unjust social inequalities in oral health, which have already raised global concerns.

Providing comprehensive oral health care to the underserved could prove pivotal in changing the current scenario of huge oral disease burden and large component of dental unmet needs.”

**Keeping in view of the above facts; Maulana Azad Institute of Health Sciences under GNCT, Delhi initiated Mobile Dental Clinic Project under the umbrella of NHM/DSHM to provide Primary, Preventive, Promotive and Curative oral/ dental health care to underserved areas of NCT, Delhi on 30th April 2014. It is the “First of its Kind” project in India for Outreach Dental services.** The Program provides Dental Screening and treatment services, Dental Health Education and Capacity Building activities along with continuous research and quality assessment. 06 Mobile Dental Clinics cater to underserved population of GNCT of Delhi. The Project aims to achieve the goals of the “Oral Health for All” through improved access to Primary Oral Health Services. Further, the Project attempts to integrate the existing Health Care delivery services with the dental/oral services under one roof. The Project has gradually evolved into various sub-components/ sub-initiatives targeting different special groups. The various sub-initiatives are:

1. Project NEEV: School Oral Health Care Program
2. Project ASHA HUMARI MUSKAAN: Linking Maternal and oral health
3. Project AMMA: Comprehensive Oral health care for elderly
4. Project COPS: Community Oral precancerous lesions screening and Tobacco Cessation Counselling
5. Special Care Dentistry

## PROJECT'S OUTREACH

The Project has provided services in 09 (North, West, North-east, East, Shahdara, North-west, Central, South, and South-west) districts of GNCTD

## PRIMARY AND SECONDARY LEVEL OF DENTAL CARE

The Six Mobile Dental Vans/Clinics are catering to various areas/districts of Delhi in a scheduled fashion for 05 days in a week (Monday to Friday). For optimum utilization of the Project and patient care; the vans are stationed at /near the Delhi Govt. Dispensaries to ensure proper visibility and pharmacy support from the Dispensaries. All Primary, Preventive and Secondary level of dental care are provided free of cost in Mobile Dental Clinics.

The range of treatment services provided includes:

1. Dental Screening
2. Dental restorations/tooth fillings
3. Oral Prophylaxis/teeth cleaning
4. Tooth Extractions
5. Tobacco cessation counselling
6. Oral Precancerous /Potentially malignant lesion screening
7. Preventive Treatment services like pit and fissure sealant applications, fluoride varnishes etc.
8. Medication (in liaison with dispensaries) & Referral for tertiary care.

Further, all screening and treatment services are provided following COVID-19 infection control protocol.

**Currently, services of Mobile Dental Clinics are being provided to following Delhi Government Dispensaries on rotational basis:**

| Cluster     | District         | Dispensary Location  | Distance from MAIDS |
|-------------|------------------|----------------------|---------------------|
| Cluster I   | EAST             | SKV Kalyanpuri       | 12.3 Km             |
| Cluster II  | North East       | SKV West Vinod Nagar | 9.1 Km              |
| Cluster III | North-West       | SKV Rampura          | 11.7 Km             |
|             |                  | SKV Model Town       | 13.8 Km             |
| Cluster IV  | Central District | SKV Jama Masjid      | 2.3 Km              |
|             |                  | GSV Morigate         | 4.5 Km              |
| Cluster V   | JAIL             | Tihar Jail           | 19.3 Km             |
|             |                  | Rohini Jail          | 20.7 Km             |
|             |                  | Mandoli Jail         | 18.2 Km             |

Mobile Clinics are stationed for five days a week in each of the identified dispensaries on rotational basis from 9:30 A.M. to 2 P.M.

- Further, the Vans regularly visit Delhi Govt. Schools as per the schedule for Project NEEV.
- 1<sup>ST</sup> and 3<sup>rd</sup> Wednesday of the month, Mobile Dental Clinic visits ASHAKIRAN-Home for Mentally Challenged
- One Mobile Dental van visit JAILS i.e Tihar Jail, Mandoli Jail and Rohini Jail on a daily basis from Monday to Friday

## **PROJECT OUTCOMES: April 2024**

### **1. Primary and Secondary level of Dental Services in Jails**

#### **I. Total OPD**

| Month      | OPD DETAILS | No. of Patients |
|------------|-------------|-----------------|
| April 2024 | New OPD     | 512             |
|            | Old OPD     | 123             |
|            | Total OPD   | 635             |

#### **II. OPD Distribution**

| Month      | HEADING                   | Information              | Data |
|------------|---------------------------|--------------------------|------|
| April 2024 | OPD DETAILS IN DISPENSARY | Total New OPD Dispensary | 512  |
|            |                           | New Male Patients        | 512  |
|            |                           | New Female Patients      | 00   |
|            |                           | Total Old OPD Dispensary | 123  |
|            |                           | Old Male Patients        | 123  |
|            |                           | Old Female Patients      | 00   |
|            |                           | Total OPD Dispensary     | 635  |

#### **III. Treatment services provided:**

| S.No. | Treatment               | Number of Patients |
|-------|-------------------------|--------------------|
| 1     | Oral Prophylaxis        | 49                 |
| 2     | Restoration             | 111                |
| 3     | Extraction              | 90                 |
| 4     | Oral Health instruction | 635                |
| 5     | Tobacco Cessation       | 98                 |

## 2. PROJECT NEEV: SCHOOL ORAL HEALTH PROGRAM

Oral diseases are the most common disease that affects people throughout their life time. The Global Burden of Disease Study 2017 estimated that oral disease affects at least 3.58 billion people worldwide. Oral health is fundamental to general health and well-being. A healthy mouth enables an individual to speak, eat and socialize without experiencing active disease, discomfort or embarrassment. Children who suffer from poor oral health are twelve times more likely to have restricted activity days than those who don't. Schools are microcosms of the larger community. With existing structures and systems in place, schools provide excellent opportunities for integrating oral health into the curriculum that is acceptable, appropriate and effective. Children are receptive to guidance and they are familiar with the learning environment and culture in school. Schools can effectively inform and influence students' oral health knowledge, beliefs, attitudes and behaviour. It is important to target children, particularly at kindergartens and primary schools. Pupils need to acquire knowledge and skills that facilitate a healthy lifestyle and help them cope with social and peer pressure. Children are empowered to take control over their own health early in their lives and are encouraged to develop positive attitudes toward preventive measures

Hence providing incremental oral health care in schools could prove pivotal in changing the current scenario of huge oral disease burden and large component of dental unmet needs.

Keeping in view of the above facts; the Mobile Dental Clinic Project initiated Project “Neev” in collaboration with School Health Scheme, since September 2014. The Program included Dental Health Education and Dental Screening with preventive Dental procedures. One day per week i.e. Wednesday was dedicated to School Oral health program. **It is a comprehensive oral health program for Govt. school children in rural areas encouraging the concept of health Promoting Schools.** Since Feb. 2016, treatment component was also added to provide dental treatment within school premises. It is a comprehensive oral health program for Govt. school children in rural areas encouraging the concept of health Promoting Schools.

## Fig. 6: Program Implementation Plan

## PROJECT NEEV OUTCOMES:

### 1. SCHOOL DATA: April 2024

| School Name             | Total no. of visits | Total OPD   |
|-------------------------|---------------------|-------------|
| SKV kalyan Puri         | 14                  | 837         |
| GSV Morigate            | 05                  | 293         |
| SKV Jama Masjid         | 09                  | 513         |
| SKV Rampura             | 10                  | 881         |
| SKV West Vinod Nagar    | 09                  | 439         |
| SKV Model Town          | 09                  | 524         |
| <b>Total School OPD</b> | <b>56</b>           | <b>3487</b> |

### 2. ORAL DISEASE PREVALENCE:

April 2024

#### A. Total No. of patients having Dental Diseases

### 3. CUMULATIVE MONTHLY OPD DATA

| Month      | Total OPD in Jails | Total OPD in Schools | Total OPD |
|------------|--------------------|----------------------|-----------|
| April 2024 | 635                | 3487                 | 4122      |

**Fig. 9 OPD DETAILS IN April 2024**

## 4. HEALTH PROMOTIONAL & CAPACITY BUILDING ACTIVITIES

### 1. Health promotional activities in school:

Many oral health problems are preventable and their early onset reversible. A considerable number of children and their parents and teachers have limited knowledge of the cause and prevention of oral diseases. Healthy behaviour and life styles developed at a young age are more sustainable. Messages can be reinforced throughout the school years.

Hence, the team of Mobile Dental Clinic project organized “Group oral health educational sessions” for the number of school children screened every Wednesday on following screening.
